

ELP Pre-register in February for Fall

*The following requirements must be met
to ensure placement in our program for Fall:*

1. Completed Registration Forms (ANY blanks and/OR any missing information means that your forms are incomplete—incomplete forms will not be accepted)

Immunization records must be current and all children that are Four Years Old must have a vision and hearing screening on file. Allergies require a Doctors Directive.

2. A check for the first half of your supply fees—without a check your registration forms are considered INCOMPLETE.

Supply Fees: 2 days \$50 now and again \$50 in December
4 days per week \$75 now and again \$75 in December.

All Three Year Olds must be potty trained. This means your child can use the bathroom independently, on their own without assistance. Independent skills also include the ability to pull pants up and down (no pull-ups) and includes ability to wipe and wash hands.

Open to Public/Waiting List Feb 20
First-come – First-Served
